BUREAU OF MEDICINE AND SURGERY FUNCTIONS

1. As the Echelon 2 command responsible for Navy medical services, BUMED performs the following functions:
 - a. Commands BUMED and shore facilities as assigned by CNO.
 - b. Ensures the readiness of personnel and material under the command of BUMED and provides primary and technical support for delivery of health care to all beneficiaries.
 - c. Maintains cognizance of, and provides support to, the health care and preventive medicine needs of the Operating Forces of the Navy and Marine Corps.
 - d. Directs the provision of medical and dental care and services as authorized by law or regulations in medical and dental activities for Navy and Marine Corps personnel, other uniformed services personnel, their dependents, retired members and their dependents, eligible survivors of deceased members, Federal civilian employees, and other categories of persons authorized by law or regulation.
 - e. Ensures the provision of medical and dental care in nonnaval facilities for persons authorized by law or regulation.
 - f. Ensures implementation of policies and directives for the conduct of occupational health and preventive medicine programs.
 - g. Directs the planning and execution of biomedical research programs required to ensure state-of-the-art health care delivery and the effective application of medical and biophysiological parameters to operationally relevant scenarios.
 - h. Ensures the acquisition and maintenance of a total force of appropriately trained medical and dental military and civilian personnel.
 - i. Develops implementation guidelines and monitors application of physical standards and examinations of persons for entrance and retention in the naval service and for specialized duties.
 - j. Provides professional and technical guidance for design, construction, manning, and equipping of medical and dental facilities ashore and afloat.
 - k. Conducts inspections of medical and dental treatment facilities (MTFs and DTFs), activities commanded by BUMED, and assists other immediate superiors in command in performing command inspections throughout the Navy and Marine Corps.

OPNAVINST 5450.215A
23 Sep 97

1. Monitors the performance of MTFs and DTFs to ensure standards for the delivery of health care are met.

m. Formulates policy and provides oversight for patient management and administration.

n. Ensures acquisition and execution of health care resources budgeted for claimancy 18 activities.

o. Prepares, revises, and publishes manuals, instructions, and other communications to issue medical department policies and procedures on medical, dental, professional, technical, and administrative matters.

p. Develops global plans and programs for health care delivery.

q. Provides health care and graduate medical education consistent with current professional standards of practice.

r. Provides training to meet the requirements of the health care system's operations.

s. Implements assigned programs to meet Navy and Marine Corps mobilization and contingency plans.

t. Ensures cooperation with civil authorities in matters pertaining to public health, disasters, and other emergencies.
